## EXPERIMENT NO.2

Lets get started with the METAMASK.

Start creating your wallet by clicking on I agree to their terms and conditions.

✓ Always allow you to opt-out via Settings

✓ Send anonymized click and pageview events

✗ **Never** collect information we don't need to provide the service (such as keys, addresses, transaction hashes, or balances)

✗ **Never** collect your full IP address\*

✗ **Never** sell data. Ever!

This data is aggregated and is therefore anonymous for the purposes of General Data Protection Regulation (EU) 2016/679.

\* When you use Infura as your default RPC provider in MetaMask, Infura will collect your IP address and your Ethereum wallet address when you send a transaction. We don't store this information in a way that allows our systems to associate those two pieces of data. For more information on how MetaMask and Infura interact from a data collection perspective, see our update [here](#). For more information on our privacy practices in general, see our [Privacy Policy here](#).

I agree

No thanks

Create your password for MetaMask wallet.

## Create password

This password will unlock your MetaMask wallet only on this device. MetaMask can not recover this password.

New password (8 characters min) [Show](#)

.....

Password strength: **Average**

A strong password can improve the security of your wallet should your device be stolen or compromised.

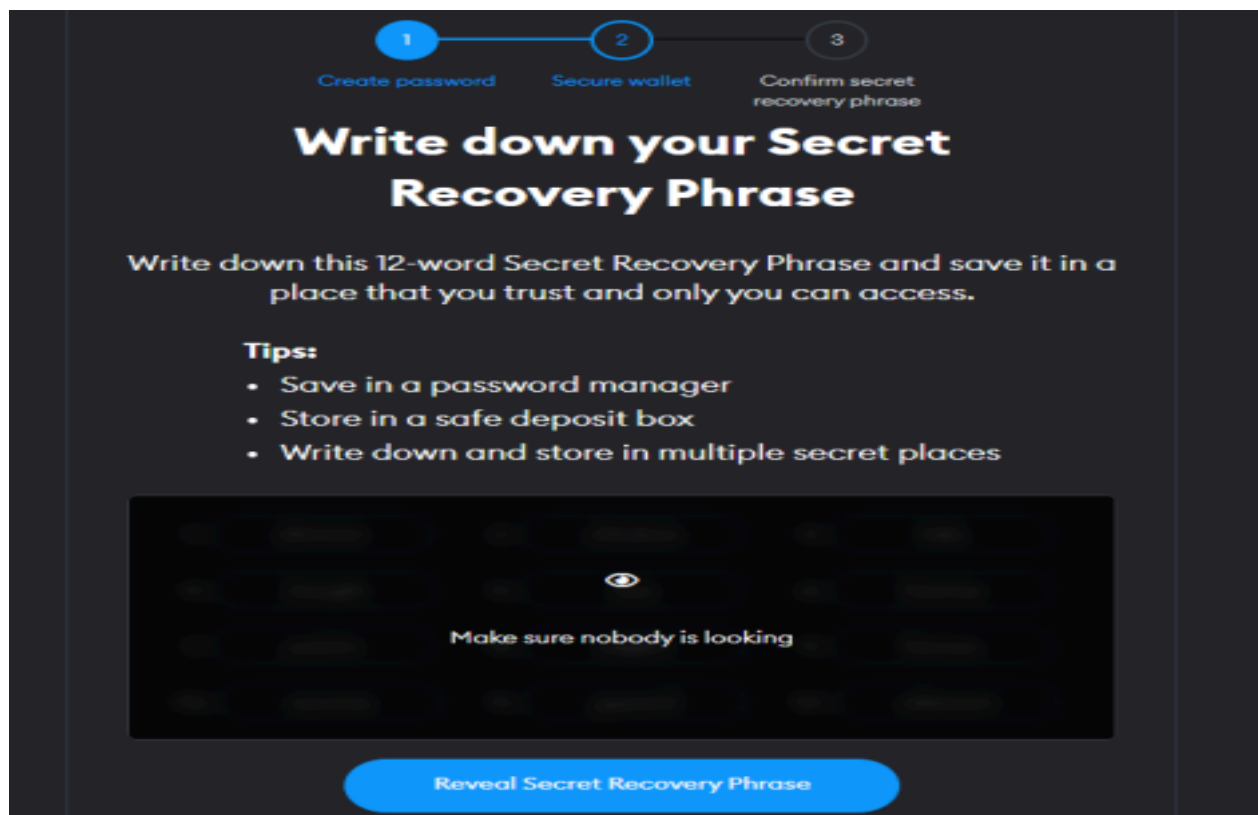

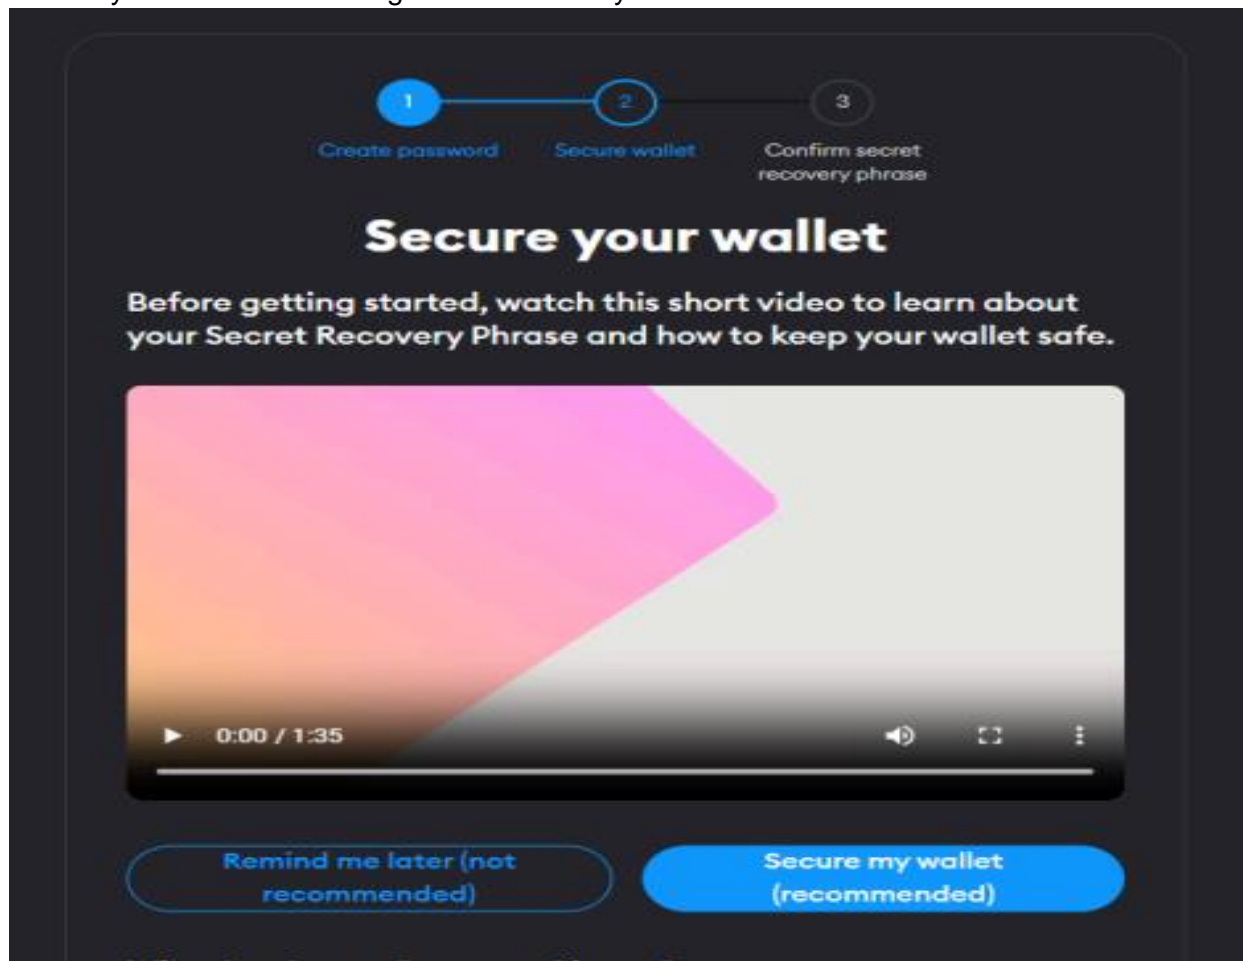

Confirm password ✓

.....

☒ I understand that MetaMask cannot recover this password for me. [Learn more](#)

Create a new wallet

Secure your wallet with writing Secret Recovery Phrase

## Write down your Secret Recovery Phrase

Write down this 12-word Secret Recovery Phrase and save it in a place that you trust and only you can access.

### Tips:

- Save in a password manager
- Store in a safe deposit box
- Write down and store in multiple secret places

1. dinner	2. choice	3. lab
4. laugh	5. ice	6. funny
7. point	8. eight	9. focus
10. ozone	11. guard	12. almost
